AFTERNOON WORKSHOPS

1:00 pm – 2:00 pm Please choose one workshop.

- Can't find a Pastor? Try forming a team!** “Hear from small congregations finding one way to meet the challenge of the pastoral shortage by calling out the gifts of their own members into a ministry team, thereby multiplying gifts for a ministry that follows Jesus into the neighborhood. Learn ways to support such teams and strengthen the Brethren understanding of the priesthood of all believers in your congregation.”

Nancy Sollenberger Heishman, Director of the Office of Ministry, will be joined by virtual participants of several congregations using a team model for pastoral leadership.

- I will attend in person I will attend by zoom

- Technology, Virtual Church, and the Pandemic: What we learned & what we want to Continue.** There's so much we've learned about technology and virtual church options that we might not have learned without the pandemic. What are we to do with all that new information? Are there elements from our time in virtual church we want to continue forward? Come hear Pastors Glenn and Matt talk about how their two faith communities have approached the idea of “hybrid worship,” and learn together more about how to ‘do church’ in the 22nd century. Join in-person at District Conference or on Zoom wherever you happen to be:

*Presenters: Glenn McCrickard, Pastor - Westminster Church of the Brethren
Matt Rittle, Pastor - Arlington Church of the Brethren*

- I will attend in person I will attend by zoom

- Getting Through Our Grief, Processing Losses of Recent Year (Plus).**

We will explore the grief process, the acceptance of the deaths and losses brought to us by way of Covid 19 and its ongoing surprises, and our adjusting to a “new life.”

Presenter: Norma Trax

This workshop is in-person only.
